PHS Class Of 1947 Holds First Reunion

Pahokee High School, Class of 1947, held their first class reunion on Saturday, August 5, in the Elks Club in Pahokee. The school colors of blue and white were carried out in the decorations and the booklet received by all who attended the dinner reunion.

Members of the class in attendance were Dorothy Chastain Smith and husband, Sidney, of Tifton, Georgia; Ruth Cochran Connell and husband, Lawrence, of Belle Glade, both members of the class; Vivian Combs Ford and husband, Carley, of Clewiston; Rodney Connell and wife, Joanne, of Belle Glade; Lynn Horne and wife, Ann, of Bartow; Ed Howell and wife, Barbara, of Fort Myers;

Edna Kautz Collier of Pahokee; Connie Marshall Pope and husband, Roy, of Casselberry; Peggy Moberg Custer and husband, Roy, of Opa Locka; Lois Morgan White of Pahokee; Ann O'Connell Rust of Aquasco, Maryland; Carol Phillips Hodges and husband, Freeman, of Clewiston; Billy Rawlis and wife, Jacquelyn, of Pahokee; Betty Sears Murphy and husband, Hilburn, of Clewiston; Milton Salvatore and wife, Jean Wilson Salvatore, both members of the class; Frank Tullis, Pahokee; Cecil Williams and wife, Gwen, of Orlando;

Mary Wilson Gordon and husband, Archie, of Ocala and Mrs. Phara Morris who was a teacher at Pahokee High School at the time the class was attending the school.

Cmdr. Harry L. Fremd, U.S.S. Constellation, CVA-67, who was also a member of the graduation class, was unable to attend the reunion as he is stationed in North Viet Nam. At this time, sent the following letter, which was read to those in attendance:

"Just a note to wish everyone a welcome to the reunion and wish I could share the festive affair with you all. These last 20 years, and it doesn't seem possible, have seen many changes in all of us—many new gray hairs and spare tires among our friends. No doubt, our girls are the same, just our old fat men are aging, but that's the way it is.

"There is one thing I have done these years, that's to lose my identity—now I'm either Dot's husband, or one of the kid's father. With six of them to chase after I am getting to be the best PT A'er, Scout and churchgoer in captivity. And that's a new role for me.

"Dotty Belle (my bride) has given up trying to instill modesty in me so things are sorta like always and I go on in the painless aging process—being quite and unassuming as always.

"Well, I had better close and try for five hours sleep tonight. We have been on the line here off North Vietnam for 25 days and the average night is 4 1/2 hours long. It sure is a sad war when we can't put the bombs where they would do the most good.

"Well, again, I hope you all have a good reunion and save me a place at the 25th one."

Child Care Center To Be Open Again

The Church of God on Barfield Highway will again operate the Pahokee Child Care Center during the school months. It will be located at the Church across the street from Everglades Memorial Hospital.

The hours the school will be open are 7:30 a. m. to 5:30 p. m., Monday through Friday for children ages 2 through six.

College Year Begins At P. B. Junior College

Five hundred freshmen students, arriving on campus at 7:30 a. m. Thursday for orientation and counseling, signal the opening of the Fall Term 1967-68 at Palm Beach Junior College.

Three additional groups of about the same size are scheduled for 10 a. m. Thursday and 7:30 a. m. and 10 a. m. Friday.

"No one knows, of course, how many will show up," Dr. Harold C. Manor, PBJC president says. "But our registration office has sent out more than 2,000 acceptance letters."

Arriving students will go to the college auditorium where an orientation program has been arranged by Paul Glynn, Dean of Student Personnel.

From there, additional orientation at the department level, and individual counseling will occupy much of the rest of the day for each student. Those who have not chosen major fields will go to guidance counselors of the Student Personnel Department.

"Counseling is even more important this year," Dr. Manor said. "Our new registration system turns information received in counseling into a schedule with machine assistance.

"Those whose schedules can be completed in this way will need only to pay fees at registration."

Registration days are Monday through Thursday, August 14-17. Day students register by appointment. Returning evening students with new evening students registering Tuesday through Thursday.

Classes begin Monday, August 21, after late registration Friday, August 18.

The faculty arrived August 7, for pre-school conferences and planning for the coming academic year.

Much of the land that has been flooded is being drained this week and discs are busy getting the several acres of corn have already land in condition for planting. The corn will be planted this week and the next seed will go into the ground just as fast as the land can be prepared.

Ideas Proposed By Study Group Turned Down

Here are the Palm Beach County legislative bills, proposed by the Governmental Study Commission which were not acted on by the local 1967 legislative delegation:

Creation of the position of director of finance for Palm Beach County.

Creation of the position of public works director.

Creation of a county auditor position.

Abolishment of the fee system and the repeal of any special acts allowing the county tax assessor and collector to earn fees in excess of their statutory salaries—placing them on a salary only basis.

A bill for creation of a county administrator also was submitted by the GSC but passed in a different version.

Other GSC recommendations which received no action because they would have required constitutional amendments included:

Consolidation of the offices of county tax assessor and tax collector into the single office of tax administrator.

Transfer of the jurisdiction for financial operations in the offices of tax assessor, tax collector, clerk of the circuit court and sheriff, to the jurisdiction of the proposed director of finance.

Authority for the county to negotiate with municipalities for assessment and collection of city taxes through county tax administration procedures, subject to approval by the municipality.

Four additional proposals for constitutional amendments, including a proposal for home rule, also were brought about by Constitutional revision.

Star-spangled way to sweeten up your future

The old American proverb says, "Money isn't everything, but it sure helps."

And that goes double for the money you put in U.S. Savings Bonds. Because this money helps two ways.

First, it helps your future. Putting youngsters through college. Building homes and summer cottages. Buying cruises for you and the spouse. You dream it, Bonds can deliver it.

Second, it helps your country now, by making Uncle Sam a stronger influence in an unsettled world.

Your fellow Americans have tucked over 50 billion dollars into U.S. Savings

Bonds. Why not join them? There's no safer investment anywhere in the world.

Quick facts about Series E Savings Bonds

- You get 3½% more money when they mature (7 years)
- You pay no state or local tax and can defer the federal tax until the Bonds are cashed
- You can get your money when you need it

NEW FREEDOM SHARES

What are they? Who may buy them?

Americans have put their savings to work for freedom through U.S. Savings Bonds for many years. New Freedom Shares do the same job . . . plus. Read how.

Freedom Shares are U.S. Savings Notes. They pay a higher return than Savings Bonds, 4.74% when held to maturity. And they mature in just four-and-a-half years.

For regular Bond buyers only

These new Freedom Shares—which are not redeemable for the first year—are offered on a one-for-one basis with E Bonds, but only to people who belong to the Payroll Savings Plan where they work or the Bond-a-Month Plan where they bank.

There are four denominations of Freedom Shares, each of which may be paired with a Series E Bond of the same or larger denomination, as a "package." For instance, for

\$39 total, you can purchase a Savings Bond that matures at \$25 and a Freedom Share that matures at \$25.

America needs your help

When you buy Savings Bonds and Freedom Shares you do an important job for freedom, backing our men in Vietnam and helping to keep the country economically strong. The need is urgent. What *you* do counts.

Sign up

Tell your supervisor or the Payroll Department where you work (or any officer where you bank) that you'd like to join a Bond purchase plan. Decide how much you'll save . . . whether you want Freedom Shares as well as Bonds . . . and just sign the authorization card.

You'll be helping your country as you help yourself; the country needs your help.
